Professional Experience

Web Developer – Academic Project at Sri Shanmugha Collage of Engineering and Technology
-
Built a secure alumni portal with admin-only posting, social media integration, and database storage using Flask and SQLite.

Education

B.E.ECE
Sri Shanmugha Collage of Engineering and Technology
22/11/2022 - 22/11/2026 | selam

Skills

python full stack developer   web designer

Projects

Alumni Portal for College Communication
–

Developed a secure web portal for college alumni communication with login-based access control. Implemented an admin-only feature to post announcements, ideas, and media content resembling social platforms like Facebook/Instagram. Integrated links for LinkedIn, Facebook, and Instagram to boost engagement. Ensured data is securely stored in a backend database using SQLite.
